

2022 Review

6th Annual David Rennie Memorial Golf Tournament Review

Thank you for your amazing support at the 6th Annual David Rennie Memorial Golf Tournament. With your donations, we were able to raise an outstanding **\$63,002!** Brings our total raised to date to **\$160,855!** Thank you!

Last year's Tournament consisted of a 12 pm Shotgun Start, mulligans, Tailgate Party, 50/50, hole activities, live and virtual auctions and sponsorships.

Since the pandemic, this was our first in-person tournament, and our community certainly joined in making it another one to remember. We hosted a jam-packed tournament with many returning Hole Activity Sponsors and some new businesses! A buffet dinner, ceremony and after-party followed our day on the greens.

Funds raised helped us increase our professional counselling services to help us with the overwhelming, complicated grief cases that are still on the rise after the pandemic. Our intake requests have increased by an astounding 81%, and 83% of all clients are struggling with complicated grief and loss, such as death due to toxic drug overdose, suicides and sudden death. Although we have many highly trained volunteers to help individuals through the grief process, these complicated cases require a clinical counsellor's support which is an overwhelming operating expense.

David Rennie made a significant impact in our community. Many of David's friends and family have the opportunity to gather each year and share memories of David through this tournament.
