

REQUEST FOR AUCTION ITEM

Hello,

Would you like to connect your business to the film industry while helping the film commission bring shows to the region? The Film Commission Is responsible for bringing dozens of film productions to the CRD every year resulting in a direct spend of approximately 100 million dollars. Even through the actor and writers' strike, we have managed to land 27 shows already this year. With your help, we can land even more. Our annual online auction helps us fund the marketing of the CRD to producers worldwide. I would like to ask you to donate a gift certificate or item. In return, we will do an online shout-out for your business, including your logo and a brief description of your business on the auction site. Your support will help us to continue to market the CRD to producers worldwide.

Thank you for your consideration and we look forward to another busy production year in 2024.

Film Commissioner

A handwritten signature in black ink that reads "Kathleen Gilbert".
