

Hello Pacific Coastal Airlines,

I hope all has been well!

As you may know from last year, I am contacting you on behalf of the Victoria Brain Injury Society (VBIS), a registered charity with the mission of supporting, educating, advocating, and providing housing support for individuals with acquired brain injuries. For 40 years, VBIS has offered a comprehensive set of programs, individual case management, and a safe, welcoming space that serves as a home away from home for many clients.

Once again, we are hosting our annual fundraising gala, "The Evening of Black and White, Because Gray Matters"! We will be hosting this event on February 24th, 2024, at the Victoria Scottish Community Centre.

Thank you, Pacific Coastal Airlines, for donating and contributing to our record-high revenue of \$102,000. None of this would have been possible without your in-kind donation and support. Your donation of the voucher was very popular and it made a huge impact on our fundraising!

I wanted to reach out again this year for our gala coming up in a few months time, February 2024. If you are able to contribute with an in-kind donation again, we would be extremely grateful. I believe you will benefit from more traffic to your business, recognition as a supporter of VBIS on the evening of the event, and from social media recognition from our Instagram, Tik Tok, and website.

Our clients and staff would be grateful for any support you may be able to offer. If you have any questions, please feel free to extend them my way. For more information about VBIS and the work we do, you can also visit [our website](#).

Warm regards,

Anna Golovkina (She/Her)
