Preamble

This Tariff contains the rules of how Pacific Coastal Airlines Ltd conducts business with our passengers and customers.

It will allow our passengers and our customers to know definitively what service we intend to provide, and the limits of that service. The Company will not only meet these minimum levels of expected service, but strive to provide the best customer service we can to our valued passengers and customers.

Although most of the Tariff is written to protect the interests of the passenger, it also protects the Company by stating what we expect from our passengers with respect to safety and security.

At Pacific Coastal Airlines we hope to make your travel as comfortable, simple and enjoyable as possible. If there's something here you don't like and/or special services that you require, we will likely go above and beyond these rules to make your experience with us the best possible. Don't hesitate to give us a call if you have any questions regarding the language in these Tariffs. From our experience we know that with a bit of planning almost any travel issue can resolved.

Amending Procedures

Tariff amendments will be promulgated as required by the President. After approval by the Canadian Transportation Agency, they will be issued to manual holders and published on the Company web site.

Each amended page will show the appropriate amendment number and date. All changes will be indicated by a vertical black bar adjacent to the item that has been changed. When a tariff is amended, a copy of the amendment is to be forwarded to the CTA along with the appropriate amendment instructions.

Amendment instructions shall include a "Remove Pages" and "Insert Pages" and "Reason for Change" list. The amended text shall be identified by a vertical line in the right hand margin.

When a manual or amendments thereto are superseded, instructions will be issued to all manual holders to destroy the superseded copies.

These Tariffs are comprised of four parts: Part 1. Domestic Scheduled Passenger Tariff, Part 2. Local Cargo Tariff, Part 3. Domestic Charter Tariff, Part 4 International Charter Tariff. All four parts are based on the Domestic Scheduled Tariff. For that reason the List of Effective Pages, the Preamble, and the Amending procedures are contained in this Part.

The UM will be handed off to this adult and this same person must then check the UM in again & remain with the child until after the child's connecting flight has departed. ***PLEASE NOTE*** Baggage will be tagged point to point only and a minimum connection time of one (1) hour must be provided; under no circumstances will the baggage be through tagged to the final destination. The UM will have paper work signed in and out for each flight, and baggage will be tagged point to point and will need to be collected and then re-checked;
 - 2) The parent or guardian must arrange for a responsible adult to meet and take custody of the UM, and attend to their needs until such time as the next flight. Any inconvenience or cost caused by delays or reroutes will be the responsibility of the parent or guardian;
 - 3) A minimum time between flights of 1 hour must be planned;

any difficulties arise that cannot be resolved, Child Services and the RCMP will be contacted and the child will be surrendered to them;

- 5) All costs incurred by the Carrier for return of the child, shall be assessed to the parent, guardian or the designated adult in custody of the child;

 - ii) adherence to the seat belt sign; and
 - iii) evacuation procedures.
- j) Evacuation: In an evacuation the occupant must be removed from the restraint device.
 - Adult must be briefed that if an emergency exists, the occupant must be removed from the device and the device left behind.

- a) A reservation will be tentative only and will not be valid until the passenger has secured a confirmed ticket or a reservation number indicating his confirmed reserved space on the passenger's ticketless itinerary.
- b) All space is reserved but no passenger shall be allotted any particular seat. Reservations made without purchase of tickets will be held only for such time as the Carrier may in each case deem sufficient to permit the purchase of tickets after reservation has been confirmed.
- c) Reservations will be accorded for the carriage of passengers in the order received by the Carrier.
- d) In case of overload from whatsoever cause arising, the Carrier reserves the right to transfer any or all of the passengers at the point on the route to the next flight on which accommodations are available See Rule 7.3.

7.2 CANCELLATION

- a) The Carrier will cancel the reservation of any passenger whenever such action is necessary to comply with any governmental regulation, or to comply with any governmental request for emergency transportation in connection with the national defense, or whenever such action is necessary or advisable by reason of weather or other conditions beyond its control.
- b) Tickets are valid only for passage beginning on the dates shown on face of ticket, between points named on the flight coupons and for trips on which space has been reserved, except that tickets endorsed for reservations on flight from stopover points, or on return flights, or on flights originating at stations other than where the sale is made, must be validated by the Carrier in accordance with the time limit endorsed on the flight coupons of such tickets.
- c) If the passenger fails to occupy space which has been reserved for him on a flight and the Carrier fails to receive notice of the cancellation of such reservation prior to the departure of such flight, the Carrier will cancel such reservation and all other reservations for continuing or return space.
- d) Check-in time. Reservations are subject to cancellations at the discretion of the Carrier if passengers do not report to the Customer Service Counter at least forty (40) minutes prior to flight departure.

7.3 AIRCRAFT SPACE AND WEIGHT LIMITS

Passengers will only be carried within the space and weight limitations of the Carrier's aircraft, and the Carrier reserves the right to deny boarding or transport to any person in order to comply with such limitations. If this policy results in a passenger being denied boarding on an aircraft for which such passenger has paid a fare, then the following shall apply:

- a) if the passenger has not checked in at least forty (40) minutes before planned departure, the passenger shall forfeit his or her right to obtain a refund of any fare paid in respect of the flight;
- b) if the passenger is denied boarding after checking in at least forty (40) minutes before planned departure, such passenger shall be offered:
 - 1) transportation on another flight offered by the Carrier at a later time to such passenger's original destination, free of charge, and;
 - 2) a full refund of the fare paid by that passenger in respect of the flight and in addition, a credit applied to the passenger's itinerary for a free travel voucher equal to the value of the original portion of the affected fare;
 - 3) if a passenger elects to board another flight offered by the Carrier at a later time, and such flight is within forty-eight (48) hours of the original flight, such passenger shall, as circumstances warrant, be entitled to be compensated for taxi to and from the airport to a suitable hotel (if the later flight is not on the same day as the original flight). Accommodations (if required) and meals will be provided to such passenger at no extra charge.

8.0 TICKETS

Pacific Coastal Airlines Limited, like many airlines, has moved to a ticketless system. There are still provisions for paper tickets, and they are still used in some applications, but the vast majority of “tickets” are now ticketless itineraries. For the intent of the following rules, the term “ticket” will mean both paper tickets and/or the ticketless equivalent.

8.1 GENERAL

- a) No person shall be entitled to transportation except upon presentation of a valid ticket or the declaration of a ticketless itinerary. A paper or ticketless itinerary shall entitle the passenger to transportation only between points of origin and destination.
- b) If there is a disagreement between the existence of and/or the contents of ticketless itinerary, the responsibility lies with the passenger to produce either a reservation number, or produce a receipt of payment of the ticket. If valid evidence of a ticket cannot be produced at the time of travel, a new ticket must be purchased at the current available rate. If the passenger can then at a later date provide valid evidence of the original purchase, the cost of the newly purchased ticket will be reimbursed.
- c) Flight coupons when issued, must be used in sequence from point of origin as shown on ticket and will be honored only in the order in which they are issued, and only if all unused flight coupons and passenger coupons are presented together.
- d) A ticket which has not been validated, or which has been altered, mutilated or improperly issued, shall not be valid.
- e) Transfer and/or refunding of ticket will be subject to terms of the fare purchased.

8.2 VALIDITY

- a) Except as otherwise provided, tickets shall be valid for a period of one (1) year after date of issuance. Tickets expire at midnight on date of expiration.
- b) Any ticket shall be revocable by the Carrier upon refunding the fare paid.

PACIFIC COASTAL AIRLINES
Part 1. Domestic Scheduled Passenger Tariff

19

9.0 APPLICATION OF FARES

9.1 Except as herein provided, passage via the Carrier is subject to the tariff regulations and fares effective on the date of the commencement of passage from the point of origin or point of stopover, as the case may be. In the event of an increase or decrease in fare effective subsequent to the purchase of a ticket but prior to the commencement of any portion of the passage thereunder, the full amount of the increase or decrease shall be collected or refunded, as the case may be, before such tickets are honored for passage.

- a) If any portion of the ticket has been used, the unused portion thereof shall not be subject to an increase in fare, but shall be subject to a decrease in fare, and the Carrier when presented with a partially used ticket shall, at the passenger's option:
- i) honour the unused portion of the ticket without adjustment, or
 - ii) refund the value of the unused portion of such ticket upon surrender thereof as provided in Rule 25, and permit the passenger to purchase a new ticket for the balance of his passage at the decreased fare applicable to the balance of his passage; and
 - iii) fares and charges will apply only to transportation between the airports through which the points named in connection with such fares and charges are served by Carrier.

Such an animal may not occupy a seat in the aircraft. The passenger should recognize that the Carrier does not use widebody aircraft and that space on some of the aircraft types do not allow for a large animal to be placed under the seat area. It is very important that when booking a flight, mention is made of the service animal and its size. 22.0 LIMITATION OF LIABILITY FOR BAGGAGE

Pacific Coastal Airlines will do its best to ensure that all baggage gets to where it is supposed to be on time and without damage. There is occasion where it doesn't. In this case we will do everything we can to reunite the baggage with the passenger or make restitution. In most cases the baggage is in our system and can be quickly located and sent on the next flight. If this is not the case, or if the baggage has been damaged the Company will do what it can to prevent further inconvenience. If a delayed bag cannot be reunited with a passenger on the same day, the Customer Service Agent on duty may authorize an allowance that will enable the passenger to replace the necessities until the bag is found or the investigation is complete (refer to 22.1 b. below). This allowance will depend on the situation, but will not normally be paid out unless the bag cannot be reunited within the same day. This allowance will be limited by the following rules.

22.1 The following conditions apply to lost or damaged baggage:

- a) In the event of damaged baggage the passenger must initiate a claim within forty-eight (8) hours of arrival at the destination station. A claim form will be provided by a Customer Service Agent. The claim may be paid out after a ten (10) day period in which the lost baggage is not retrieved. A damaged bag may be paid out at the discretion of the Manager responsible for Baggage Services after an investigation is completed. In the case of a damaged bag the waiting period will be no more than five (5) business days
