

Traveling with a Service Dog

Service Dogs in Training are subject to on-board limits of pets, and space may not always be available.

To help us expedite your application, please complete this form and submit it, along with documentation authorizing you as a Service Dog Trainer, to accessibility@pacificcoastal.com a minimum of **72** hours prior to travel.

Attestation

By checking these boxes I certify the following statements to be true:

I am an authorized Service Dog Trainer actively providing training for this service dog in question.

This service dog has received sufficient training to behave in a public setting.

I assure that this service dog in training will remain under control of its handler, does not act aggressively by barking, biting or jumping on or lunging at others and will not relieve itself outside of designated areas.

I understand that if this service dog behaves differently than that of a trained service animal, they will be treated fully as a pet, including charging fees and requiring it remain in a pet carrier.
